

IN THE SPECIFICATION

Please amend the paragraph beginning at page 4, line 2, as follows:

As described above, according to the address notification device [[100]], since the own address or address of the communicating party is modified for the link information containing these addresses and process information representing processing of the communication information to be sent on the basis of the addresses, even if the process information is set in the link information, it is possible to modify the own address or communicating party address without the need for changing the process information.
